

TRI-STAR TECHNOLOGIES

M-100L FG-TT Superfast 150

DataSheet

Table Top UV Laser Wire Marking System

2201 Rosecrans Ave, El Segundo, CA 90245
Tel: 310 536 0444 Fax: 310 536 9322

FEATURES

- Full graphics laser marking
- Precision measuring
- Pneumatic cutting
- Motorized coiling
- Integrated computer
- 110V/220V, 10A, 50/60 Hz power
- Shop air

WIRE PROCESSING

- Production rate is up to 150 ft./min.
- Wire gauges 26 AWG-6 AWG

M-100L FG-TT Superfast 150 Table Top UV Laser Wire Marking System
Class I for use on open shop floor
Complies with MIL5088I, AS5088I, BAC5152, SAE ARP5607

INTRODUCTION

The M-100 L FG-TT Superfast 150 is a portable, fully automatic, turn-key marking system that utilizes a UV solid state laser with an integrated high-speed scanner. User friendly software allows unlimited font selection (any TrueType font for any language) as well as full graphics capabilities (pictures, logos, barcodes, etc). The M-100L FG-TT Superfast 150 supports both vertical and horizontal text orientation, programmable message spacing, 3 separate zones of print with variable separation spaces, and source and destination coding on wire ends.
